Census Origami

This is the Census 2011 logo.

1. Do you think it is possible to make this logo by folding a strip of paper? _____

2. Cut a 45cm long strip of paper that is 1.5cm wide.

3. Fold the logo shape. Use the Census 2011 logo to help you. It's easier to make sure you have the same shape, rather than the same folds, as the logo.

4. Glue the ends and folds of your paper strip together, so your origami holds it's shape. Thread some string through the middle of your Census logo to hang up in your classroom.

5. What shape do you think the Census 2011 logo represents? Give reasons.

_____

_____

_____

_____

_____

6. Do you think you could make a more accurate shape of Australia by folding a strip of paper?

_____

7. Have a go. Cut a second 45cm long strip of paper that is 1.5cm wide. Here is a map of Australia to help you.
